

# Helping CRASH to Help the Homeless

The various activities **CRASH** is involved in and some of the Barbour staff, proudly supporting one of **CRASH**' numerous fundraising opportunities, Red Friday

## About CRASH

**CRASH** is the construction and property industry charity for the homeless. It harnesses the skills, products, talents and goodwill of the industry to improve buildings and premises for voluntary agencies working with homeless people, throughout the United Kingdom. **CRASH** is a unique example of a corporate sector coming together on a charitable basis to tackle homelessness. The charity's key aim is to provide a decent, well-designed environment in the certain knowledge that bright, smart surroundings go a long way to help develop the self-esteem and self worth of some very vulnerable individuals in our society. If you like to find out more on how your company can get involved, visit their website at [www.crash.org.uk](http://www.crash.org.uk) or call 020 8742 0717.

## Barbour is a CRASH Patron

**CRASH** is a corporate sector charity that draws its support solely from the construction and property sectors in the United Kingdom. Its Patron Companies' support more than cover **CRASH**'s core costs, leaving cash to support the charity's project work. In May 2006, Barbour, through CMPi, became the charity's latest Patron Company. For more information, visit CMPi's dedicated page on the **CRASH** website, see <http://www.crash.org.uk/crash/patron.lml?p=CMP+Information+Ltd> To find out how your company can join the list of **CRASH** Patron Companies, visit: <http://www.crash.org.uk/crash/patrons.lm>
